

Career Opportunities 19th August 2026

Sindh IT Company (SITC), the Government of Sindh's digital transformation arm, is building secure, innovative, and citizen-centric solutions to improve governance and public service delivery. We invite dynamic, results-oriented professionals to join our team and help shape a more efficient, transparent, and digitally empowered Sindh.

POSITION	PREREQUISITES
NOC Engineer	BS in CS/IT preferred. Windows/Linux, TCP/IP, DNS, DHCP, ticketing systems, remote support tools, ITIL Foundation, CompTIA A+/Network+, CCNA preferred. 1-3 years of experience in NOC/helpdesk/IT support, executing assigned work to a professional standard with review, and providing first- and second-line technical support with SLA-driven incident triage and escalation.
DevOps Engineer	BS in CS/Software Engineering/IT, Master's preferred. CI/CD pipelines, Docker/Kubernetes, Linux/Windows, cloud platforms (Azure/AWS), Prometheus/Grafana, Azure/AWS DevOps, CKA, Terraform certifications preferred. 8-10 years of experience owning the DevOps function end-to-end, accountable for outcomes rather than tasks, exercising deep technical authority, and developing the engineers within the team.
Product Manager	BS/MS in CS/IT or Business. 6+ years of owning the product roadmap and delivery for the citizen services portfolio, and is accountable when priorities, timelines or resourcing trade off against each other.
Full Stack Engineer	BS in CS/Software Engineering/Information Systems (HEC-recognized) or equivalent experience. JavaScript/TypeScript, React/Angular/Vue, Node.js/.NET/Java/Python, SQL, REST/gRPC/SOAP APIs. Full-stack development for citizen-facing and government platforms requiring high availability, security, and auditability. 4+ years of experience building full-stack web applications end-to-end, from schema design to UI, applying security best practices (encryption, RBAC, audit logging) and API design/integration.
Senior Quality Assurance Engineer	BS in CS, Software Engineering, or related field. Test Automation and ISTQB certifications a strong plus. Software quality assurance and test engineering. 6+ years of relevant experience owning test strategy, automation frameworks, and defect management end-to-end across the SDLC.

Why Join SITC?

1. Work on high-impact digital transformation projects that shape the future of Sindh.
2. Collaborative and innovative work culture with professional growth opportunities.
3. Competitive compensation and benefits aligned with your skills and experience.

Terms & Application Process

1. Only shortlisted candidates will be contacted for interviews. No TA/DA will be provided.
2. SITC is an equal opportunity employer - women are strongly encouraged to apply.
3. We offer a competitive salary, performance-based incentives, and the opportunity to lead high-impact, citizen-focused digital reforms in a dynamic, mission-driven environment.
